MRS Training and Rescue  
Campus 1 | Aberdeen Science & Technology Park  
Balgownie Road | Bridge of Don | Aberdeen | AB22 8GT

TRAINING  
& RESCUE

Safe in our hands

Situated to the south side of Balgownie Road in Bridge of Don, just 2 miles from Aberdeen city centre with easy access to the A90 and about 6 miles from Aberdeen airport. Our third training centre in Scotland, it offers purpose built indoor training facilities for our full suite of working at height, first aid and confined space training courses.

**Directions**

Travelling from the South, stay on the A90 until it becomes the A92. Then keep on the A92 which brings you onto Anderson Drive, which merges into North Anderson Drive. At Haudagain roundabout, stay on the A92 and straight on at the next roundabout over the Persley Bridge. Straight over the next roundabout you will see a Tesco on your right-hand side. Follow the road and go straight over the roundabout at Gordon Bray. Take the next right on to Balgownie Road and keep going until you see the sign for Campus One.

Travelling from the North. Stay on the A90 until it becomes the A92. At the roundabout, take the second exit onto Ellon Rd/A92 and at the next roundabout, take the third exit onto The Parkway/A92. Then turn left onto Balgownie Rd and turn right onto Campus One.

Travelling from Inverness, take the A96 all the way to the Haudagain Roundabout and then follow directions from here as per The South.
