

## **IOSH MANAGING SAFELY**

---

This course is ideal for getting managers up-to-speed on the skills they need to tackle safety and health issues in the workplace. MRS Training & Rescue delivers a practical programme and IOSH Managing Safely has a direct business focus. The hands on, step by step format, inspires and engages the manager, and this has helped a huge range of businesses to raise standards of safety and health at their workplace.

The course is interactive and focuses on best practice which will, in turn, comply with current health and safety legislation. Candidates will realise the practical actions they are required to take and will be given the skills required to take on their health and safety responsibilities. The course makes health and safety a routine part of a candidate's job.
