

FIRST AID

We are a leading First Aid training and assessment provider and are approved by the MPQC Awarding Organisation, who is in turn approved by Ofqual. We are approved to deliver, assess and certificate First Aid training and competence assessments, and offer a range of First Aid courses that comply with the First Aid Regulations Act 1981, designed to include both theoretical and practical sessions.

All of our courses ensure that you meet recommendations outlined by the HSE. Our courses provide you with the skills, knowledge and confidence to use what you have been taught and assessed against in a real emergency situation.

WHY MRS TRAINING & RESCUE?

- Fully approved by MPQC Awarding Organisation.
- We understand that when something out of your control goes wrong, an effective first aider is essential.
- Operational employees who understand the importance of control measures, as identified by risk assessment.
- A company that has a history of practical sensible solutions.
- A background in a hazardous Industry (Coal Mining) where high standards of health, safety and first aid were expected and essential.
